My Dear Sir,

Shord of the imprisonment  
of Mr Green from Hamburg, and Belfast  
Ireland, where ~~Mr Green~~ has friends -  
I immediately wrote to our Charge & Affairs  
at Vienna, and to our Minister St Gerles,  
both of whom have replied that Mr Brae  
had been set at liberty and was with  
his friend Mr McCusker in Vienna -

I can introduce yourself and ladies to  
the House of Lords next week - and I can  
give you a cord for the House of Commons -

If the ladies desire to attend a session of  
the House of Commons I will apply to the  
Speaker for permission - the accommodations  
for ladies in the Commons are very miserable  
and painful I think to most persons to occupy

If you conclude however to attend the  
Commons early next week, will you  
write to me, and let me know the night -

London  
Most faithfully  
yours

Abbot Lawrence
